

Thousands Face Future Without College, Says School Superintendent

Thousands of high school graduates from this area will have no place to attend college a few years from now.

At least, according to Grossmont High School District Superintendent Lewis F. Smith, they face a college-less future unless the citizens of the district vote to establish a junior college.

Smith, addressing the Lemon Grove Men's Club on Friday, said that the County Committee on School District Organization will hold a meeting at 7:30 p.m. February 17 in the cafeteria at El Cajon Valley High School. The committee, he said, will hear area citizens and determine whether or not an election should be held.

The election, Smith said, could be held either this spring or at

David Bird, county supervisor, will be the speaker at this Friday's meeting of the Men's Club.

the general elections in November, if the committee finds that an election is warranted.

He added that the high school district is on record with the county and private landowners, asking that sites be reserved for a junior college if one is approved by the voters. One site (140 acres) is now part of the county-owned Edgemoor Geriatric Hospital grounds at Santee. The other site is private property near Jamacha Junction on Highway 94.

Smith said that a junior college in this area is needed because the high school enrollment is rapidly increasing, with a resulting annual increase in the number of high school graduates. Coupled with this, he said, is the fact that San Diego Junior College and the San Diego State College in order to provide for a correspondingly great increase in other areas, are to cut down on the percentage of students from the Grossmont district.

Property owners in the Grossmont district are paying a tax of 24 cents per \$100 valuation now, he said, with the money going to pay for the operation of San Diego Junior College and other junior colleges attended by students from this area.

Establishment of a junior college district here, he said, would provide educational facilities for the high school graduates who otherwise might not have an opportunity to attend college on any level.

But he said—it also would cost the taxpayers more money: a 9-cent increase the first year; an additional 14-cent increase the second year, and a further additional 7-cent increase the third year. From then on, he said, the cost probably would remain the same. Thus, the tax would add up to 54 cents/\$100 valuation in three years as compared to 24 cents paid now.

However, he added, the increase in facilities offered would provide up to two years of college education for three times as many students as now attend junior college from this area.

Fire Department Commended

The Lemon Grove Fire Department has been commended by the National Fire Protection Association for its fire prevention activities of 1959.

Included in the reported activities were the "junior fire marshal" program conducted in all the schools in the district; the "pre-fire" planning at the various rest homes, plus the installation of direct-line automatic alarm systems hooking the rest homes to a panel at the fire station.

Also considered in the fire prevention contest was the activity of the department in overseeing controlled burning of weeds and other trash and the "pre-fire" planning of means of fighting fires in business buildings.

Fire Chief Harold Hensley said that the commendation-winning report was prepared by Fire Capt. Harry Alexander.

The DIMMER VIEW

by MAX GOODWIN

All sorts of superlatives are being used by newsmen to set the atmosphere for the new decade we entered just a few weeks ago. Most of them are based on "space" and "population explosion." Unquestionably, the 1960 words and phrases will produce a vivid picture of the conditions the reporters hope to paint. They did a swell job of it in the '50s.

A list of words and names that grew familiar in the '50s was collected by Bill Ryan, a columnist for the Hartford Times. These names, now carrying nationally accepted meanings didn't mean anything to the public generally when the decade started. The list:

McCarthyism, pleading the fifth, Sputnik, stereo, lunar shot, the Summit, and the sack.

Also: beatnik, Stronium 90, orbiting, peaceful coexistence, population explosion, loyalty risk, exurbia, Salk vaccine, and astronaut.

Also: Explorer 1, hula hoop, ICBM, fallout, massive deterrents, cinemascope, Dien Bien Phu, UHF, Bamboo Curtain, and Yalu River.

Also: Little Rock, Montgomery, Lucy, Rocky, Hoffa, Kennedy, Rainier, Nassar, Van Doren and Nikita.

Also: Nixon, Elvis, Cape Canaveral, and West Berlin.

All of us can think of a couple more and additions to this list will be welcomed by this newspaper.

We hope there is nothing personal in the note from Les Hansen, the Casa de Oro furniture man, regarding the death of a destitute editor and the staffers who took up a collection for his burial.

Eventually a local politician was approached for a contribution. "Will you give a dollar for burying the editor?" he was asked.

The politician pulled out a \$5 bill. "Here—go bury five of them," he said.

There is a strong move afoot to reduce the rate on income taxes, and this one has a chance to get beyond the U.S. House of Representatives.

The plan is to lower the tax rates by 40 percent and tax every dollar of income above the \$600-per-person exemption. The new plan would eliminate deductions of all kinds, except

Board Defers Organization Statement

The Grossmont Union High School District board of trustees last Monday deferred action on a proposed statement designed to clarify the school board's stand regarding school district organization until the next meeting because of the absence of Trustees Rex Hall and Mrs. Portia Goode.

The board has maintained that the junior college proposal should be kept separate from consideration of the problem of school district organization and that it should be considered first because of the urgent need for junior college opportunity in this area.

Roger Winchester and Hart Dunham represented petitioners who requested that the junior college study be merged with a study of school district organization.

Dunham registered a vigorous protest against use of the district superintendent's time to make presentations on the junior college proposals to community groups. Winchester expressed the hope that the junior college issue could be deferred so as to give people in sparsely settled areas an opportunity to stay out of the junior college district.

CAMELLIA SHOW

San Diego County's thirteenth annual Camellia Show will be held Saturday and Sunday, Feb. 13 and 14, in Conference Hall in Balboa Park. Show hours Saturday are 2 to 10 p.m. On Sunday the doors will open at 10 a.m. and close at 6 p.m.

Trampoline Center Wins Approval Over Protests

SAN DIEGO (CNS) — A special use permit for a trampoline center in Spring Valley was approved Friday by the County Planning Commission, over the protests of property owners surrounding the proposed site for the project.

Applicant for the permit was P. J. Fazio, for the Trampoline Athletic Center, to be located at the intersection of Cordoba Avenue and Dolores Street.

John R. Sorbo, attorney, told the board that he had been asked by residents in the area to speak in protest on the permit.

Fazio, applicant for the permit, revealed that 27 trampoline centers are already in business in the San Diego area.

A trampoline is a canvas stretched between springs and is used for acrobatics. Fazio indicated the principal customers will be children. He said a loudspeaker would be needed to tell youngsters when their time to use a trampoline has expired.

His selection of Spring Valley for his operation, Fazio told the commission, was based on the growth of the community. He said he had bought the land he proposed to use for a site because it was already zoned for commercial use. This, he declared, nullified the protests of neighbors, for the land was zoned for the use to which he intended to put it.

Another trampoline operation was approved Friday morning. This was on the application of Charles R. Rafferty, for a site on Imperial Avenue, east of Quarry Road, Lemon Grove.

County Okays \$74,133 Payment for Property

Condemnation Actions Seen As Some Landowners 'Stubborn'

County supervisors will call for bids on the improvement of Broadway in Lemon Grove "in about two weeks," James Finch, in charge of negotiations for rights of way along the street, said that the county has approved payments totaling \$74,133 for 19 parcels of property needed for widening the street.

Ace Theatre Loses Suit Against Sheriff

A suit against the sheriff's department of San Diego County by Uptown Enterprises, operators of the Ace Drive-In theatre in Lemon Grove, was dismissed Monday by Superior Court Judge Bonsall Noon.

The theatre owners had asked the court to restrain the sheriff's department from interfering with the operation of the Ace Drive-In theatre. They cited instances of raids on the theatre and search of its patrons during 1958 and 1959.

Judge Noon said the court could not issue an injunction by which the sheriff's department could be restrained from enforcing the criminal code.

He said the suit raised an interesting point . . . that if such an injunction were issued, it would be the sheriff's department which would monitor the injunction against itself.

Burglars Break Into Three Businesses

Burglars broke into three Spring Valley business houses at Campo and Bancroft Dr., either late Monday night or early Tuesday morning, El Cajon deputy sheriffs reported.

Tresser's Spring Valley Market was broken into by forcing a window, the report stated. Small change was taken from the cash register. The Velenor Hair Stylists shop was entered by forcing a back door. Velma Bengel, proprietor, said a wrist watch owned by her son was taken, as was a small amount of change. She said that drawers had been emptied and articles strewn about the floor.

John Abbott's real estate office at 9095 Bancroft was entered by a side window being forced. Abbott said nothing was taken.

Planners Approve Half-Acre Zoning In Residence Area

SAN DIEGO (CNS) — The County Planning Commission Friday reversed itself on denying half-acre zoning for 160 acres in Spring Valley, after being charged with "failing to give adequate consideration to the facts."

In November, the commission denied a zone change to make half-acre building sites in the area of Lamar Street, Crest Drive and Upland Street.

Supervisors asked the planning commission to reconsider its decision and Friday's reversal of the first action was the result.

Dr. Willis H. Miller, county planning director, reported that the result of the zone change "probably would be the creation of a potentially large number of metes and bounds property cuts. Most of these probably would be at the rear end of existing deep lots and have access to existing streets only by private easements."

Wayne Kincaid, Lemon Grove auto body worker, looks at 1949 Ford roadster which is being "customized." This type of remodeling will be in evidence at Lemon Grove Review Custom Car Show on Feb. 13.

Newspaper to Sponsor Custom Car Show

The first annual Lemon Grove Review Custom Car Show will be held on February 13.

Max Goodwin, publisher of the Lemon Grove Review and Spring Valley Bulletin, said that "customized" sports and stock cars will be eligible for entry in the two major divisions of the show.

It will be held from 9 a.m. to 5 p.m. Saturday, February 13, on the First National Bank parking lot at Golden and Imperial avenues in Lemon Grove.

The Lemon Grove Junior Chamber of Commerce will act as co-sponsor of the auto show, which will be open to anyone in the Lemon Grove-Spring Valley area.

Trophies will be awarded for the "sweepstakes" in both the sports car and custom stock car divisions. In addition, there will be awards for the best paint job, the best body job and the best custom engine job in each of the two divisions.

Jay White, manager of Jack-in-the-Box drive-in restaurant, is chairman of the Jaycees committee assisting on the show. He will be in charge of entries for the competition. Jim Boyd, president of the Jaycees, is to name other members of White's committee this week.

The committee will oversee the entries and will handle the judging. Winners will be announced about noon during the competition so that visitors in the afternoon will be able to see which cars have been adjudged the best in the various categories.

Entry blanks may be obtained from White or at the office of this newspaper and may be turned over to White at the drive-in. Entries will close at midnight Monday, February 8.

MEDICAL SCHOOL

President Clark Kerr of the University of California has announced that the regents have authorized a study of the feasibility of establishing a medical school in the San Diego area.

Grove School District To Buy Band Uniforms

The Lemon Grove School Board agreed to purchase uniforms for the junior high school band at the regular meeting Monday night.

The district will buy not more than 19 uniforms at \$50 each. The school's need is for 100 but approximately \$4,000 in pledges and contributions will cover the cost of the balance. The district will reduce its outlay if more contributions are made, according to Byron Netzeley, district superintendent.

The board also adopted a resolution regarding the proposed junior college district. They resolved: 1. that a need exists for a junior college and urged that such a district be formed; 2. that secondary district reorganization should not be a part of the junior college study.

Assistant Superintendent Sam Solleder reported on the Good Teaching Conference held last week in Los Angeles and Business Manager Paul Reynolds said insurance bids on the new Mt. Vernon School are being requested. The new school will open February 19, as scheduled.

Mrs. Elizabeth Higgins, second grade teacher at San Altos School, gave a curriculum exhibition for the board. It was the first of a monthly series designed to familiarize trustees with teaching procedures.

The board then met in executive session to discuss personnel matters.

MURDOCK TO TALK

Superintendent Glenn E. Murdock of the La Mesa-Spring Valley School District is to give the keynote address Thursday evening at the opening session of the three-day annual conference of the Audio-Visual Education Association of California meeting in Santa Rosa.

Two New Schools To Open in Fall

Tentative construction plans of the La Mesa-Spring Valley School District call for the building of two new elementary schools before the opening of school in September, district officials said today.

The two elementary schools include Rancho, on Noeline Avenue near Elkton Boulevard, and Highlands, on Highland Avenue and So. Barcelona, both in Spring Valley. Each is to cost an estimated \$500,000 and each will contain 16 classrooms, two kindergartens and a multi-purpose room when completed. Clyde Hufbauer is the architect of the Rancho plant and Sam Hamill is architect for Highlands.

New High School Plans Approved

The Grossmont High School District board of trustees Monday night approved preliminary plans for the high school to be located on Sweetwater Springs Blvd.

This school is scheduled for opening in September of 1961 and is designed to relieve the acute overcrowding at Mt. Miguel High School. Plans indicate transfer of portable units now at El Cajon Valley High School to alleviate the overcrowding during the 1960-61 school year.

Grove Couple Parents of Girl Triplets

A young Lemon Grove couple have become the parents of triplets, the third such occurrence in the five year history of Grossmont Hospital.

Mrs. Richard Gould, 17, 3151 Florine Drive, became the mother last weekend of Roxanne Carol, Robin Carol and Rebecca Carol Gould. Mr. Gould is warehouse foreman for the Federal Electric Company in San Diego.

The baby girls weighed in at 3 pounds, 7 ounces; 4 pounds, 15 ounces, and 4 pounds 1½ ounces. Hospital officials said Wednesday that the little girls are "doing fine" and are being kept in an "isolette" until they grow stronger.

The Goulds already have one other child, a 21-month-old boy.

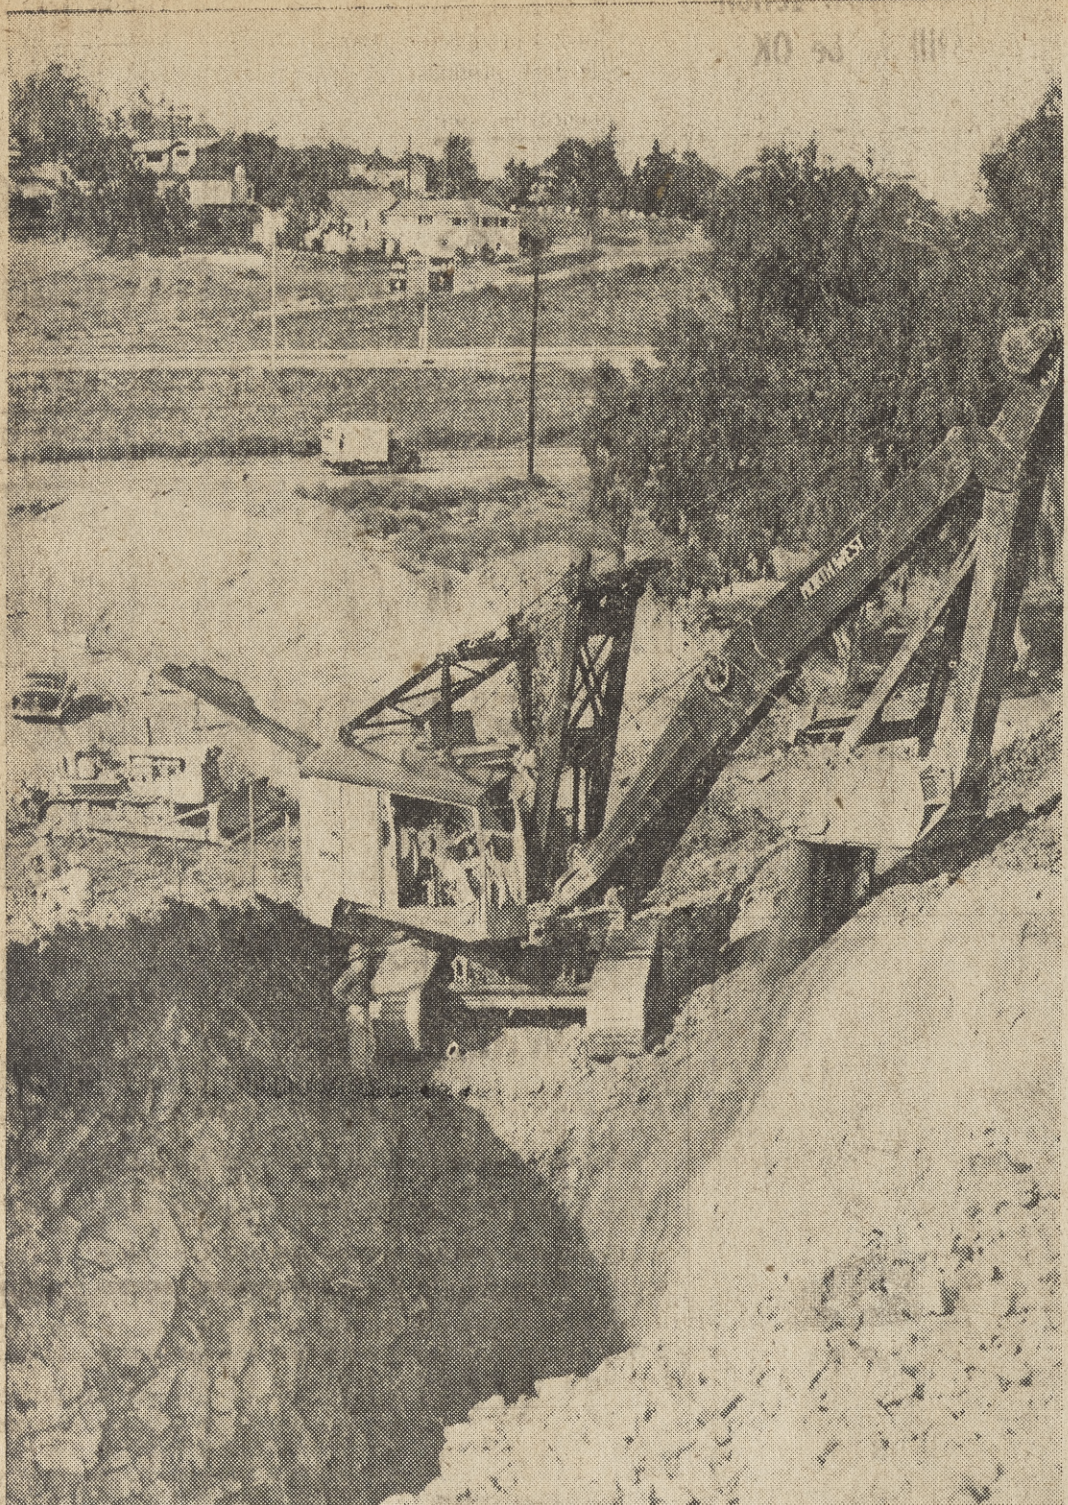

Camp Fire Girls Winding Up Drive

Camp Fire Girls throughout San Diego County this week will wind up their annual 14-day peanut sale, with a final push Saturday in an effort to reach their goal.

Their goal is 135,000 cans, which would earn the San Diego County Council of Camp Fire Girls \$30,000 for their capital building fund.

Funds will be directed at rebuilding and remodeling summer camps and improving year-round facilities for Camp Fire Girls throughout the county.

The Camp Fire Girls conduct a program of "learning by doing" for girls from 7 to 16 with education activities, crafts and outdoor programs.

Big Pipeline Construction Job...

Construction crew of L. E. Woods and Son company excavate for big pipeline in Brookside area of Spring Valley.

Robert Wilken, project engineer for the County Water Authority, said that the company will install 14 miles of concrete pipe from La Mesa through Spring Valley to Otay Reservoir as part of a project to build the second barrel of the San Diego Aqueduct from near Riverside to approximately double the county's supply of Colorado River water.

Foster Marsh Construction Co., general contractor, is expected to complete the job by the end of November. The job is estimated at one-third of completion now, Wilken said.

Pipe already has been installed through La Mesa to near the Freeway and from Ildica Street in Spring Valley to Jamacha Boulevard. The complete job contract is for \$6,000,000.

The Mail Box

Dear Editor:

I find the report that the Lemon Grove Men's Club intends to form a "Town Council" rather annoying.

Considering the work the Lemon Grove Co-ordinating Council has done in the past year, it seems a duplication of effort.

And do they really think they can run this town without women? Since the Men's Club is a rather discriminating group more than half of the organizations of this community will be excluded, such as the women's clubs, PTAs, church groups and etc.

Why must the Men's Club be so restrictive when it could better spend its energy working with the present Council?

Sincerely,
Jody Richard

A great many children enjoyed a Merry Christmas this year complete with unexpected toys, because of the generosity

of the warm hearted people in San Diego County. The success of the "Toys for Tots" program certainly reflects the friendly spirit of our community.

Those of us in the First Tank Battalion, United States Marine Corps Reserve, would like to take this means to thank everyone who donated toys to "Toys for Tots." We wish we could thank everyone personally; we do extend a standing invitation to visit us at any time at our training center located on Camp Elliott.

We would also like to thank the innumerable public spirited organizations who assisted us for their wonderful cooperation. A special thanks goes to the Fire Departments of San Diego, La Mesa, El Cajon, Chula Vista, National City, Oceanside, Carlsbad, Vista, Escondido, Encinitas, Fallbrook, Solano Beach, Rancho Santa Fe, Lemon Grove, Spring Valley, and Camp Pendleton. Having the fire stations as our primary collection points made this "Toys for Tots" campaign the most successful held in this area. Our heart felt

Once Over Lightly

by Don Wilson

The telephone rang at the office.

I answered it, politely stating the name of the company.

"Newspaper?" the lady on the phone said angrily, "I was calling the education center!" And she held on, apparently to give me an opportunity to admit that this was really the education center and not a newspaper office.

But I assured her that this was not so.

"Well!" she said bitterly, and hung up.

Somehow, people seem to forget all about manners when talking on the phone. Or driving a car.

A man who would never think of crowding through a door ahead of a lady will cut in front of her car with his, and swear at her as he goes by.

And a gentle lady who always waits for gentlemen to open doors for her or light her cigarette will make left turns from the right-hand lane and sneer at any man who has to jam on his brakes to avoid smashing into her car.

I have been nearly run down at intersections by both men and women whom I have seen elsewhere meekly standing back to let others pass on the sidewalk as they come out of a store.

There's nothing I hate more than one of these inconsiderate drivers.

But I get even with them. You should see ME behind the wheel!

—o—

And while I'm griping about things, I'd like to mention one of my favorite gripes: those guys who ask you where you were born when you cross the border into the United States from Tijuana or some other Mexican border city.

Those guys are the most insolent, smart aleck, dictatorial men of my acquaintance. Like the other day.

We took a Mexican farm worker from Lemon Grove down to visit some of his friends in Tijuana. It was a simple little trip. We drove down there, we talked with his friends for half an hour or so. He bought a couple of cartons of cigarettes at about 20 per cent of the price he'd have had to pay up here. And we drove back to the border.

After the usual inching up to the border gate, we finally got to where the inspector was standing.

I got through my part of the where were you born questioning without any trouble. And so did Paula.

"Where were you born?" the inspector asked 9-year-old Katy. "American citizen," she said, having rehearsed the answer to what turned out to be the wrong question.

"I didn't ask you that," he said. "I want to know where you were born."

"Texas," I said for her.

"Okay," he said.

Then he noticed our Mexican friend in the back seat and motioned imperiously for him to open the window. Our friend did.

The inspector reached in for our friend's papers.

"He's a friend of ours," Paula said. "We're giving him a lift."

"He needs one," the inspector said, fumbling with the papers in our friend's passport book. He was fumbling because he was wearing leather gloves and this made the job a bit difficult.

"What did you bring from Mexico?" he asked in English. We interpreted for our non-English-speaking friend and he held up the sack of cigarettes.

The inspector looked in the sack.

"You've got too many cigarettes in here," he said in English, a remark which only puzzled our friend because he could sense that the inspector was angry but had no idea as to why.

The inspector counted the packs of cigarettes, did some rapid verbal arithmetic which resulted in five times three coming out 25, and tossed the sack of cigarettes into our friend's lap.

"Next time," he said, "you bring only the right number or I'll throw them into that GI can over there!" and he waved us on.

So we lowly, brow-beaten tourists saluted three times toward Mecca in worship of the king and drove back to Lemon Grove.

Income Tax Fax

A public service of the Society of California Accountants

Should you file a return? If you were married on December 31, 1959, you may file a joint return with your spouse regardless of how long a time you have been married and regardless of whether or not your spouse has income.

If your net taxable income is over \$2,000, a joint return will result in a lower tax.

In making a joint return you include all the income, exemptions and deductions of both the husband and wife. In heading the return you list both names. For instance: John J. and Mary M. Doe. Also, you show both social security numbers and both occupations if both have income. It is not necessary that both have income in order to file a joint return.

Husband and wife must both sign and date a joint return. Each assumes the responsibility for any tax due. If one does not pay, then the other must. If you are entitled to a refund the check will be issued in both names and both will have to endorse the check before cashing.

In some cases it is not possible to secure the signature of your spouse directly on the tax return. It is possible to file a joint return without having your spouse actually sign the return itself. This is done by having the spouse sign Treasury Department form 936 which is an authorization to prepare, sign and file a joint income tax return.

A signed copy of this form 936 is attached to the return in lieu of the spouse's signature. If any tax has been paid separately, by withholding or on an estimate, full credit may be taken on the joint return.

New Committee Formed To Take Another Look At Fiesta

The Fiesta del Pacifico's proposed five-year plan leading up to a multi-million dollar show in Mission Day, ground to a slow walk Tuesday at a programming breakfast at the U.S. Grant Hotel.

Members of the Fiesta, the San Diego Chamber, and the Tourist and Convention Bureau heard John Quimby, Fiesta chairman, and Clyde Vandenberg, associated with Art Linkletter enterprises, picture a fiesta on water "without comparison anywhere in the world."

Representatives of the three groups decided that another committee would be formed to first ascertain whether it would be better to embark on a catch-as-catch-can program or to start work on the larger one. Vandenberg said that a "big" show would attract funds from the nation's industrialists and would be virtually self-supporting.

Quimby said a fiesta designed to attract world attention would bolster the community's economy. "Unemployment is growing in San Diego. It is now between 14,000 and 15,000 and will probably grow. The rest of the nation is experiencing an employment boom. These workers want to play, to escape from industry and office."

Miguel Youth Wins Area Speech Tourney

Carl (Bud) Carey, 15-year-old, sophomore at Mt. Miguel High School, last week won the Toastmasters Club-sponsored semi-final speech tournament for this area.

He bested six other contestants. The speech fest was held at the Lafayette Hotel.

Carl, the son of Mr. and Mrs. Carl V. Carey Sr., lives at 4009 Apore St., La Mesa. He spoke on the "Real Ultimate Weapon—Food."

Second place alternate winner was Candy Trimble of Hoover High in San Diego, with a talk

on "America's Ace of Spades." Other high school speech contest entries were Carl Campbell of El Cajon Valley High; Thatcher Link, Helix; Thomas Francis, St. John's Academy; Fran Herritt, El Capitan, and Linda Hess, Grossmont.

Carey was sponsored by the Lemon Grove Toastmasters Club, of which George Fickas is president. Bob Sanders, Mt. Miguel High School speech instructor, said that Carey will go on to the district finals on February 5 at the San Diego Woman's Club.

The DIMMER VIEW

(Continued)

for the initial amount.

There is some reason for the proposed plan, other than charity to the downtrodden taxpayer and the reason becomes manifestly clear in the figures released by the Joint Committee on Internal Revenue Taxation. The committee says total personal income for the year under study was \$382 billion. Only \$162 billion is now taxed. More than half of the national income is deducted or exempt for one reason or another.

Don Robison, editor of the American Press, gives the new plan a moral coloration. He says the elimination of deductions of all kinds would make us a more honest and more moral nation by the simple expedient of moving a major temptation from our paths.

"From the day-to-day experiences of the tax investigators I have no doubt that millions of normally honest people experience an integrity 'blackout' when they make out their income tax report. For many, the yardstick for measuring honesty, in dealing with the revenue bureau, has become: Can I get away with it?"

Some persons will be hurt by the no-exemption plan. The sick, the blind, people with special problems.

It would also seriously reduce the take-home pay of those who have access to big expense accounts. It would hurt those who enjoy a special salary arrangement devised to take advantage of loopholes in the present revenue law.

Aside from the new plan being a much fairer one than the present one, there is a collateral advantage for the average taxpayer. He won't have to pay an auditing firm to figure out how he stands with Uncle Sugar. Without special-type deductions, the taxpayer would perform a simple exercise in elementary multiplication, sign the form in the proper place and go to bed knowing, for the first time, that he is in no danger of being called for a long siege at the office of the tax collector a year or so after his tax return is figured.

George Cox, an area realtor, tells about a business executive who received 24 identical copies of a popular magazine through the mail the other day.

It was the same magazine he had ordered sent to 24 of his customers as a Christmas gift.

His secretary filled in the subscription blanks for him and, obviously, she filled them in backwards.

The big problem remains how to smooth it over with his 24 friends, each of whom got a bill for a gift magazine to the business executive.

Junior Scientists' Annual Fair Planned

The Sixth Annual Greater San Diego Science Fair will be held from April 9 to 12 in the Electric Building, Balboa Park. It has been announced by J. R. Dempsey, chairman of the board of directors of the fair and manager of Convair-Astronautics. This is Dempsey's second year as board chairman.

Over 200 projects developed by San Diego County 7th to 12th graders will be on display during the fair. Top senior boy and girl projects will win trips to the 11th National Science Fair in Indianapolis, Ind., May 11 to 14.

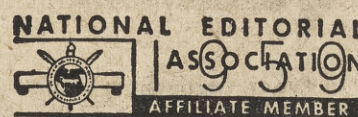

STREET OPENING REQUEST DENIED

SAN DIEGO (CNS) — A request to the county to open up a street area in Lemon Grove was turned down Friday by the County Planning Commission. Thomas J. Walsh asked for the opening of portions of two lots in Engelstad Manor. The area is being reserved for a future street, and the commission denied the request because property to the east will not need the street for access until it is subdivided, and opening sooner could block normal extension of the street.

Local Government Threatened by Three Forces, Hegland Says

The three major threats to local government today are a trend toward metropolitan government, use of annexation instead of incorporation and the attempt to inject partisan politics into our cities, State Assemblyman Sheridan Hegland told the San Diego County Chapter of the League of California Cities at its monthly meeting in La Mesa.

Metropolitan government transfers decision making from elective to appointive officials thus removing it from direct responsibility to the people, Hegland said.

City councils are elected to balance and apportion expenditures between multiple purposes of city assessment, he said.

The trend toward annexation is often based on economy of operation Hegland said. However, incorporation offers an opportunity for home rule and a community of local interests which is lacking in annexation to a large city. The annexation proceedings are useful if the processes of de-annexation following an unsatisfactory union could be made more easy, Hegland said.

The injection of partisan politics into local government tends to clear decisions through the political parties rather than through the citizens as a whole.

At the local level, the relationship between the voter and his elected officials should not be complicated by any other influence, Hegland said.

Hegland was introduced by Mayor Julius Acevez of La Mesa. The meeting was presided over by Mayor Karl Tuttle of El Cajon, president of the League of California Cities.

MINIMUM UPKEEP

The homeowner who wants a home exterior which requires minimum upkeep will consider using rough sawn western red cedar or Douglas fir siding which, once stained, will not need restaining for years.

Variance Denied, But Construction Still to be OK

SAN DIEGO (CNS) — A request for a zoning variance on Broadway, Lemon Grove, was denied Friday by the County Planning Commission.

James and Francis Cannizaro asked for permission to build an addition to the Rodeo Room 57 feet from the center line of the street, at 8300 Broadway, where the law requires a setback of 75 feet.

James Cannizarro said he wanted to build only two feet from the building now there, which he said meets present requirements. The commission then agreed that it couldn't give a variance for 57 feet, but if the present building is 75 feet from the center of the street the variance isn't needed. The request was then denied.

NEW BOSS — Charles Spisak, left, 1680 Taft Street, Lemon Grove, was elected executive director of San Diego County Goodwill Industries this week. In the center is Richard Nelson, Goodwill chairman of the board of directors. Dr. Myron Insko, right, is retiring as executive director at the end of this month after 30 years as local manager.

Grove Man Named Head Of Goodwill Industries

A Lemon Grove man was elected executive director of The Goodwill Industries of San Diego County Monday. The man is Charles B. Spisak, 1680 Taft Street. He replaces Dr. Myron Insko, a veteran of 30 years service who founded the local organization in 1930.

Dr. Insko will retire at the end of the month. Mr. Spisak, an ordained Wesleyan Methodist minister, has served Goodwill eight years in San Diego and one year in Los Angeles. His wife, Sue, has been active in the Goodwill Auxiliary and served as president last year. Her term of office was cut short by illness.

In announcing his retirement, Dr. Insko told the board that the industry had grown from a handful of workers and an annual payroll of \$5,400 in 1930 to an annual payroll of \$455,950 to 225 handicapped workers. Workers in all totaled 369 in 1959. Sales for 1959 totaled \$588,300.

Goodwill operates two stores in Lemon Grove; one on Main Street and one at Imperial and Grove. Two Lemon Grove men, Dr. Frank Gigliotti and Max Goodwin (the latter is publisher of this newspaper) are members of the Goodwill board of directors. Goodwin was re-elected for a three year term Monday night.

Three new directors were also elected. They are M. Bert Fisher, owner of the U.S. Grant Hotel.

Gillespie Field Eyed As County Operations Site

SAN DIEGO (CSN)—The use of Gillespie Field, near El Cajon, or Edgemoor Farms, San Diego, for county departments being moved out of the "Operations Center" in downtown San Diego was pushed at last week's session of the County Board of Supervisors.

Supervisors David W. Bird and De Graff Auction urged consideration of the two areas, where there is much county-owned property.

T. M. Heggland, chief administrative officer, warned the Board not to choose sites just because land is cheap or is already owned by the county.

Heggland brought up the subject of steps to be taken to supply facilities for county departments up to the year 2000. He said the present "Operations Center" on Pacific Highway will have to be vacated in 1963 or 1964, to make way for the State's highway plans.

Heggland was ordered to take Gillespie Field and Edgemoor Farms into consideration in studies for the county's needs.

EDUCATION LEADER

Jack Root, representative of the Mt. Helix Toastmasters club, has accepted the chairmanship of the 1960 Community Conference on Education, CAC president Mel Anderson announced last week. Root and members of the CAC executive board will be setting the date and theme in the near future, Anderson said.

Heart Fund Drive Opens Here Monday

The 1960 Heart Fund drive opens here Monday. The goal is \$148,000, Frank A. Gibson, general chairman, revealed.

"The heart research, education and community service programs that the previous ten Heart Fund drives have made possible have produced gratifying results," Gibson declared. "Here is how Heart Fund dollars are being spent right here in San Diego County to help solve the heart problem on a local level:

Since 1950, the San Diego County Heart Association has channeled \$219,465.19 into research to find ways of treating and preventing all forms of heart disease.

Out of last year's Heart Fund, more than \$50,000 (including \$33,770 for five research grants awarded to San Diego investigators) went directly into heart research. These local scientists working on Heart Fund grants are located at Scripps Institute of Oceanography, San Diego State College, Scripps Clinic and Research Foundation and the physics section of Convair.

The Heart Center is maintained in the Donald N. Sharp Memorial Community Hospital by the San Diego County Heart Association. Since the opening of the Heart Center in 1955, Heart Fund dollars have bought over \$50,000 worth of scientific equipment and more than 1,000 patients have used its facilities. The equipment for the diagnosis of heart and circulatory conditions and diseases at the Vascular Test Center in Mercy Hospital was also purchased through Heart Fund dollars.

Students who topped the sale of fruit cakes for the Lemon Grove Lions will be awarded prizes Monday night, February 1, at the regular February meeting of the Lemon Grove Music Parents. The sale proceeds will be used to purchase band uniforms for Lemon Grove students.

Student winners include Richard Wood of the 8-5 class; Betty Mayes, 7-5; Jerry Eaton, 8-12; Claudia Espe, 8-5; and Rodney Weber, 7-5. The cash prizes were donated anonymously to the parent group.

Bradshaw Markets Lease New Site In Lemon Grove

Leases have been signed for sites for two new Bradshaw Markets, Paul Bradshaw, president of Bradshaw, Inc., has announced.

One of the new stores will be located at Massachusetts and Imperial, Lemon Grove, and the other at Eighth and Palm in National City.

Negotiations on the Massachusetts and Imperial location were handled by Arthur Leitch, one of the owners, and Fred Mitchell represented Johnson Tyson and Lynds, owners of the National City Site.

Bradshaw said both stores are expected to be in operation by mid-year. The additions will bring the number of Bradshaw Markets to five.

Both new stores will have square footage of approximately 16,000 feet with ample parking areas.

The directors at a meeting Friday were informed that sales at the recently-opened Clairemont market are far in excess of advanced projections.

Teenage Miss finalists, from left, rear, Sharon Lane, Nancy McCaslin, Caroline Wardell; seated, Joyce Martin, Jeanette Lowe, Kathleen Holmes.

Mt. Miguel Editor Named Teenage Miss

Nancy McCaslin, Mt. Miguel High School newspaper editor, was selected last week as Teenage Miss of the Year by the Lemon Grove Junior Women's Club.

Other finalists were Kathleen Holmes, Sharon Lane, Caroline Wardell, Joyce Martin, and Jeanette Lowe. All six girls wrote autobiographical essays after being chosen by their senior counselor at the high school. The essays were submitted to the Junior Women's Club, and the girls also had personal interviews with representatives of the club.

Miss McCaslin, in addition to being editor of El Trovador at

the high school, is a straight A student and is active in school affairs. She is a member of the International Club and the California Scholarship Federation, is a commissioner of her class and is being considered as class valedictorian.

She plays the organ for early morning services at the Lemon Grove Lutheran Church, plays the piano for Sunday School services, teaches a Sunday School class and sings in the Senior Choir. She also works on Saturdays at a local beauty shop and plans to teach English and journalism after graduation from college.

She and her mother, Mrs.

Harold McCaslin, will be honored by the Junior Women's Club at a spaghetti dinner and variety show this Saturday and will be given a savings bond. In March she will be honored along with 22 other girls from the San Diego district at a luncheon by a downtown department store.

Students from Lemon Grove who have been approved as candidates for the bachelor's degree are Barbara B. Beighle, 1640 Skyline Dr.; John H. Christian, 2511 Pergl St.; Robert G. Maple, 7845 Mt. Vernon; and William B. McTear, 8160 Lincoln St.

Cancer Society Launches Local Research Plan

The American Cancer Society this week was to launch a local phase of one of the broadest research programs in the nation's history.

Mrs. Betty Ross of Spring Valley was named as "group leader" of a team which will distribute and collect questionnaires designed to aid in research to determine what effect, if any, the living habits of a family have on its members getting cancer.

Mrs. Ross will be assisted in the Spring Valley area by Mrs. Loretta Hale, Mrs. Mary Skinner, Mrs. Hope Masse, Mrs. Helen Pedigo and Mrs. Ili Fuller. A team for Lemon Grove is expected to be named soon.

James Wilson, county representative for the cancer society, said that "representative" families in which at least one member is over 45 years old will be contacted and asked to fill in the questionnaires. The questionnaires, in sealed envelopes, will be picked up and sent to the research center in New York.

Similar questionnaires will be filled out by the families each two years to show changes in habits and the occurrence, if any, of cancer, Wilson said. The survey will be conducted for six years, he said.

Mothers' March On Crippling Diseases Thursday Evening

More than 12,000 San Diego County women will join an estimated two million others across the nation Thursday evening, Jan. 28, in the annual Mothers' March Against Birth Defects, which climaxes the March of Dimes campaign.

Archie Brack, past commander of Lemon Grove VFW Post 2082 is in charge of the local area's campaign. He said door-to-door visitations will be from 7 to 9 p.m.

Marchers also will distribute a questionnaire which seeks information on the extent of arthritis, birth defects and polio in this County. Mrs. Jones said these questionnaires will be forwarded to the National Foundation.

in New York when they are returned where the information contained therein will be used in a nation-wide study.

This will not constitute a valid survey, Mrs. Jones pointed out, but it will provide a working estimate of the number of persons suffering from these crippling diseases.

With the month-long March of Dimes nearing its close, General Campaign Chairman Ross G. Tharp urged residents to return the coin envelopes which were distributed through the mails the first of the month.

There is still a great need for funds to carry on the National Foundation's battle against polio right here in the County, Tharp reminded.

Baptist Church Notes

Youth Week at the Casa de Oro Baptist Church got off to a good start Jan. 24, says Rev. Ernest Anderson, pastor. The young people had a big part in the services, including their youth choir ministry.

The High School and College groups of the church will have supper at the home of the pastor and his wife this coming Sunday before they leave for the church for their meetings. Also on Sunday the church's Fifth Sunday special musical talent night will be held with the entire evening services given over to various kinds of music.

The Casa de Oro Baptist Church has started a prayer meeting for men; the time being 5:30 to 7:30 a.m. each Wednesday in the Sunday School office, allowing the men to drop in to pray on their way to work. The ladies prayer group meets each Wednesday at 10 a.m. in the "Upper Room" and the mid-week "Hour of Power" continues each Wed. at 7 p.m.

The Sunday School staff will meet Sunday at 3 p.m. in the church. Denby Jackson is Sunday School superintendent.

The young people's choir will sing at the 8 a.m. services and the adult choir at the 11 a.m. services. The choirs are under the direction of Jack Thomas and Bob Whitaker. The men's quartet also will sing at both services. It is comprised of Jack Thomas, tenor; Rev. Roland Taylor, second tenor; Bob Whitaker, baritone and "Buzz" Whitaker, bass.

The Women's Missionary Society will have charge of the evening services and a colored sound movie will be shown. The picture, entitled "A Cry in the Night," is a missionary film of the Middle East.

The Baptist Youth Fellowship meets at 6:30 p.m. Sunday School classes for all ages is held at 9:30 a.m.

Youth Week Set At Skyline Wesleyan Church

National Youth Week will be observed at Skyline Wesleyan Methodist Church from January 31 through February 7. Rallies for youth will be conducted each evening except Monday, February 1. Outstanding musical talent is to be offered by local musicians of many denominations.

Bill Carle, well known operatic bass, will be featured on Thursday night, February 4. Robert Girard of Kansas speaks the first Sunday night. All other nights Pastor Derric Johnson of Skyline Church will speak.

An unusual feature of the week will be the release of a 45 rpm high fidelity record by the Wesleyanaires, the ninety-voice youth choir of the Skyline Wesleyan Methodist Church.

God's Minute REV. H. C. BAKKEN

FAITH
Faith is personal trust. Each one of us must believe that Jesus Christ died and rose again for our sins. We must forget about all our own good works. We cannot depend upon the good works of anyone else. Faith trusts that the Savior reaches out and rescues each one who depends on His redemptive work alone.

What's Doing In the PTA?

The Spring Valley Junior High School PTA, using the theme "Crossing the Bridge to Better Understanding of Mathematics" will feature the math department of the Junior High School at their Feb. 25 meeting. There was no regular meeting of the PTA during the month of January.

Mrs. Earl Casner, president, announces the appointment of two new chairmen: Mrs. Caroline Coulthard as Legislation chairman and Mrs. M. F. (Nancy) Brown as outside publicity chairman.

Because of increasing concern over the type of movies shown at local theatres, Foothills Secondary Council of the California Congress of Parents and Teachers, voted at the January 21 meeting to sponsor an East County Movie Conference. Efforts will be made to interest service clubs, church groups and other civic organizations in this problem and to secure participation by these groups in the conference.

"Our Circles Ring the Earth" was the theme for the Monterey Heights PTA meeting, January 14 in the school cafeteria.

A panel composed of the following foreign exchange students: Mutsumi Nishifuzi, Japan; Angelo Sanza, Italy; Tom Kertecz, Hungary; and Mrs. Gracia Pick, Mexico, spoke on many subjects. The panel was moderated by Robert Sjogren, Lemon Grove school board member.

Hostesses for the evening were fourth grade mothers.

PTA Publicity Meeting Set

A buzz session has been scheduled for Monday at the La Mesa Education Center at 7:30 p.m. for publicity record book chairmen of Avondale, Bancroft, Brier Patch, Casa de Oro, Fletcher Hills, Golden Avenue, La Mesa Dale, La Mesa Elementary, Lemon Avenue, Monterey Heights, Murray Manor, Northmont, Palm Avenue, Rolando, San Miguel, Spring Valley Elementary and Vista La Mesa PTAs.

Questions and problems will be answered by Mt. Helix Council publicity chairman Mrs. Paul Shipp assisted by Mmes. R. J. Collette, Robert Higgins, and C. S. Williams. Unit books are due to council as of March 1, 1960, for judging by Ninth District for possible awards in four classes.

Woman's Club Annual Dinner Plans Underway

Final plans are under way by the Casa de Oro Woman's Club for its annual dinner, which is open to the public. This year it will be held in the Spring Valley Junior High School, Feb. 9, 6 to 8 p.m. It will be a roast beef dinner, with mashed potatoes, salad, vegetables, rolls, ice cream, cake and punch or coffee. Tickets are selling for \$1.25 for adults and 50 cents for children under 12.

Several door prizes will be given. However, late comers buying tickets at the door after 7 p.m. will not be eligible for door prizes. Proceeds from the dinner will go toward the club's philanthropic work in this area.

PTA Planning Ninth District 1960 Founders Day Program

Members of the Ninth District of the California Congress of Parents and Teachers will meet in the Caribbean Room of the El Cortez Hotel on February 1 for the annual Founders Day luncheon of the PTA.

More than 850 PTA leaders and school administrators are expected to attend.

Music will keynote the program. Dancers under the direction of Marie Fielding, San Diego city recreation dance director, will depict the different areas of PTA endeavor. As a counterpoint, Mildred Lamb will add to the PTA story in song.

Musical notes will be placed on a large cliff on the stage as the two national founders and 24 past presidents of 9th District are honored. These notes will start the music of "With a

Song in Our Heart" but will not finish it as the PTA story is an ongoing song.

The tables of the 21 councils will be decorated with miniature musical instruments to show that through the blending of many tones the song is richer.

Presiding at the head table will be Mrs. Byron Netzley of Lemon Grove, 9th District president. Coordinating the many details are Mrs. John L. Thompson, chairman of the day; Mrs. Joseph Thomas, 9th District music chairman, and Mrs. Jens Hutchens, 9th District program chairman.

Past presidents who will be attending include Mmes: Vesta Muehleisen, Julia McKinney, Mabel Buehrer, Geo. A. Lazar, Fred Bethard, Stanley Burne, Edward T. Hale, Orno E. Tyler,

W. E. LeRoy, Frank Wisdom, R. S. Hunter, Hal Crow, Gail D. Edwards, Harold R. Hartley and Lloyd W. Lewis.

Mrs. Wm. Odle, 9th District honorary life membership chairman, has been making discreet inquiries for many months as to what is at this meeting that 9th District presents awards for outstanding service to children and youth.

Mrs. C. S. Williams, Mt. Helix Council PTA president, announced that Mrs. Virginia Mitchell; Mrs. L. A. Ruth, Mt. Helix Council Founders Day Chairman; Glen Murdock, superintendent of the La Mesa-Spring Valley School District, and Byron Netzley, Lemon Grove School District superintendent, will be attending the luncheon as guests of the council.

Mt. Miguel Wins One, Drops One in League

By Bill Ott Jr.

Mt. Miguel's Varsity Basketball team downed the Grossmont Foothillers 49-47 last Tuesday afternoon in the Matador gym, but the 2 point difference was reversed Friday night as the Matadors dropped a 50-48 decision to the Chula Vista Spartans, in the first game played in the new gym at the school.

Mt. Miguel jumped off to a 9-4 first quarter lead against the 'Hillers, but trailed at half-time 17-15. The Matadors reversed the lead and held a 2-0 point, 30-28 edge at the end of the third quarter. In fourth quarter action, both teams poured in 19 points for the final 49-47 total.

Foothiller Chuck Ferguson received game scoring honors with a 16 point effort, followed closely by teammate Phil Lee who tallied 14.

George Webster paced the winners by meshing 14 points, and Wayne Stephens helped out with 8.

The loss was the third for the Foothillers, who have 3 victories also. The win was number 2 for the Matadors against

4 defeats.

Chula Vista dedicated their home floor with their fifth Metro loop win over a stubborn Miguel five.

Mt. Miguel bounced back from a 10 point deficit in the fourth quarter with approximately 2 minutes remaining in the game, and used a full court press effectively, but failed to score with 5 seconds to go, and received their fifth league loss.

Dick Schwab of the Matadors and Gary Meggin of the Spartans shared scoring honors with 15 points each. Mike McCombs followed Meggin with a 13 point out-put. Bob Engberg and Wayne Stephens trailed Schwab with 11 and 10 points respectively.

Score by quarters:

Mt. Miguel..... 9 6 15 19-49

Grossmont..... 4 13 11 19-47

Chula Vista..... 11 14 14 11-50

Mt. Miguel..... 13 6 12 17-48

JayVee action was close last week for the Matadors. They clipped the Foothillers 46-42 Tuesday afternoon, and then dropped a 38-37 game to the Spartans in Friday night's preliminary.

Sample forms of the application will be mailed to all participating organizations and clubs throughout the state in February by the California Boating Council Inc. The initial registration fee will be \$5 good for three years.

Commissioners Accept New Fire House Wing

The Lemon Grove Fire Department Commissioners formally accepted the new wing of the fire department building at a special meeting held Tuesday evening.

The building, erected at a cost of \$22,248 by Raymond Haas, a Lemon Grove contractor, is adjacent to the present fire station at Central and School Lane. The addition provides dormitory space for 12 additional beds, a recreation room, a storage area, and a room for a central heating plant.

Fire Chief H. O. Hensley said occupancy began on Wednesday, the day after the building was accepted. Until the wing was utilized, firemen were living in cramped quarters that had five men occupying a room suitable for two men, according to Chief Hensley.

Hensley said public inspection of the new quarters will be held May 2, on Fire Service Day. The event will be publicized and local residents will be encouraged to visit the fire station on that day, he said.

Fire Commission Secretary Robert Vaughn said that the Commission would soon commence study of completion of the fire house master plan. The plan calls for further expansion of the present facility. Vaughn said that a bond issue might be indicated. He said that the expansion is in keeping with the

Water Processing Plant Approved Near La Presa

SAN DIEGO (CNS) — A permit for a \$1,500,000 water processing facility, south of La Presa, was approved Friday by the County Planning Commission.

Applicant for the permit, for a plant to filter 25 million gallons of water per day, was the California Water and Telephone Co. The site for the operation is to be on company-owned property, near the Sweetwater dam.

There were no protests against issuance of the permit, although a woman, owner of property in the area, asked for information on how close to the boundaries of the company land the facilities would be located. She did not give her name, but later expressed satisfaction that the operation would not affect her land.

With the permit approved, the construction on the project is expected to start next month. It is reported that it will require a year for completion of the work.

George Harnish, Chamber Founder Dies at 78

A Lemon Grove rancher, George Harmon Harnish, 78, died Tuesday at Paradise Valley Hospital after suffering three weeks from hiccups. He lived at 1537 Drexel Drive.

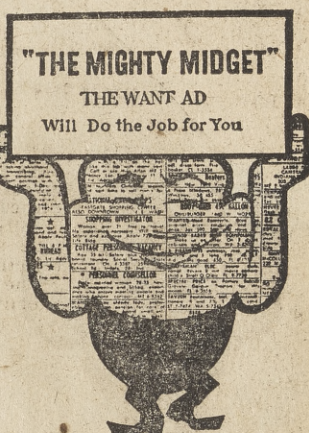

Harnish operated a citrus grove and chicken ranch for many years on Washington Street between Palm and Lincoln. He lived at 1255 Washington Street from 1927 to 1952 when he moved to the Drexel Street address.

He was one of the founders of the Lemon Grove Chamber of Commerce and was a director of the Lemon Association when the group was active here. He is survived by his wife, Flora, and a sister, Anna Kenne-wurf, of Iowa.

Services were conducted this week on Thursday at Conrad's Lemon Grove Mortuary, followed by interment at Greenwood Cemetery.
